## Introduction

# Introduction

# Our Research Question and the ANES 2016 Pilot Study

- ▶ The ANES 2016 Pilot Study surveyed 1200 respondents on a wide range of topics.
- ▶ Responses were collected from January 22th, 2016 through January 28th, 2016.
- ▶ Our research question investigates the relationships between respondents' positions on certain social/political topics and their reported candidates of choice in the 2016 Presidential election.

Material.
